It's time to have fun, and we can't be late,
Indian food is waiting for us; let's go, mates.

Let's find out what the menu has to offer.
Oh wow! Say hello to Mr. *Paratha* & Miss *Curd*,
Eating these two sounds like so much fun.
Dip the Paratha's slice into the Curd,
Once we bite it, the real fun begins.

Look, now comes the *Dhokla* on the plate,
Why do we think we need to wait?
Let's get it inside our stomach straight.
Just grab a spoon and slice it nicely,
The more we cherish it, the more it becomes tasty.

Idli Samber has its own unique taste,
This south Indian dish looks more than great.
Let the Idli soak the Samber,
It's hot & delicious; we have no doubt whatsoever.

What do we have for lunch today?
Come on, let's find out what the Chef has to say.
Oh yes! *Makki ki roti* & *Sarso ka saag*,
Kya amazing combination hai na yaar.

Let us try the famous *Aaloo Puri*.
Please have some patience; no need to hurry.
Chhole Bhature will add shades to this feast,
We must wait for our turn; no one will cheat.

King *Samosa* with some *chutney* is loved by all,
Nothing as tasty as this we can recall.
Aaloo Tikki is our dearest friend,
Mamamia, our tummy is finally blessed.

Now comes Maharashtra's famous *Pav Bhaji*,
With fresh bread, try some hot gravy.
We want to eat it every day maybe.
Vada Pav now is winking at us, friends.
Hurry up! Try it now, before it ends.

Chai and Pakoda on a rainy evening,
Together they will put an end to our long-term craving.
Look, we got something more special to eat,
Kachori with some stuffing can be a real treat.

Gol-Gappa is happy and calling us loud,
We must reach there before the crowd.
The spicy water makes it more appetizing,
Trust us, it's all real, and we're not dreaming.

Poha is still on the waiting list,
Now, we must invite him in.
He's our best friend in the hunger,
We just can't make him wait any longer.

Our dear *Bhel Puri* is waiting on the roadside,
Puffed rice and a mixture of Sev will keep us satisfied.
Peanuts and tangy sauce will make our jaw drop,
It might be the best but not our last stop.

The combination of *Chhole & Kulche* is always the best,
Now, focus on the snacks and forget about the rest.
Squash a lemon in Chhole and place it on the plate,
Let's eat another Kulcha before it gets late.
